# St Kilda Primary School

## School fees and voluntary contributions

### Thank you!

We feel privileged to be part of such a wonderful community here at SKPS. Each year, with your amazing support and generous donations, we are able to achieve so much for our children.

Our significant achievements this year have been:

1

#### ENCHANTED GARDEN

A beautiful and natural space for our children to explore and enjoy

2

#### FAMILY SUPPORT

Ensuring all children and their families can take advantage of all opportunities at SKPS

3

#### 112 NEW LAPTOPS

Ensuring our children have the tools they need to be creative

#### Our thoughts for the future include:

Redeveloping the Chapel St side of the school to meet the needs of our growing community

Looking deeper into how we all get to school and supporting more sustainable transport options

Continue to create engaging learning spaces for our children including the creation of a Maker Space

DESCRIPTION	VOLUNTARY CONTRIBUTIONS AND TAX DEDUCTIONS	AMOUNT (Please write amount in TOTAL column)	TOTAL
Library Fund TAX DEDUCTIBLE	Now that our Library has a permanent home we are planning to continue to develop this space into one that supports 21st century thinking and learning. This will include upgrading the resources and facilities.	\$200 \$150 \$100 \$50 Other:	
Building Fund TAX DEDUCTIBLE	The focus for us will be on continuing to build and strengthen our place as a community hub. As our school grows we will continue to plan for the future and look at ways we can create engaging, high quality, multipurpose learning spaces for all. We will also be looking at ways to improve our toilet facilities.	\$200 \$150 \$100 \$50 Other:	
Masterplan support	As a result of the Masterplan Consultation process in 2016 we are currently considering and prioritising a number of proposed actions. We will also continue to enhance our green areas for the benefit of all with a major focus on the oval. One of the new learning spaces that we are planning on developing in 2017 is a Maker Space facility. With your support we will be able to purchase the equipment such as robotics, electronics and a 3D printer. This space will be open to all the community to tinker and learn about technology and enrich our knowledge in the areas of science, engineering, the Arts and mathematics.	\$200 \$150 \$100 \$50 Other:	
Welfare	Welfare extends to all children across our school. A donation to this area will allow us to continue to run support programs for our children and support families in need. In 2016 the very generous donations enabled the school to employ a speech pathologist one day a week and enabled our Welfare Coordinator to work additional hours necessary to support the number of children and families in need. School camps, excursions, swimming programs and school fees were subsidised to support some families. Basic needs, ie soap, food items, footwear and clothing were able to be provided from our welfare fund. We greatly value contributions to this area.	\$200 \$150 \$100 \$50 Other:	
<b>THANK YOU! THANK YOU! THANK YOU! THANK YOU! THANK YOU! THANK YOU!</b>		<b>VOLUNTARY CONTRIBUTION</b>	\$
<b>COMPULSORY CHARGE</b>			
School equipment and supplies	This charge covers all equipment that your child will use this year including general stationary, as well as other supplies for specialist subjects (Visual Art, Performing Arts, Japanese and PE). We wish to continue to create the learning environment that matches the needs of your child. It is important for your child to have the opportunity to design solutions to authentic problems through collaborating, problem solving and creating devices and objects in a dedicated and well resourced learning environment.		A\$395
