OBJECTIVE

St Kilda Primary School's objective is for children to be successful learners. To achieve this they need to be resilient, be able to work with others, demonstrate a growth mindset, independently solve problems, think outside the box, be curious, know how to learn and to love learning. Our school's objectives are considered as part of the 4 yearly strategic planning process and are reflected in the goals listed in our current School Strategic Plan (SSP). We also develop an Annual Implementation Plan to operationalise the goals and key improvement strategies contained in our SSP. We are committed to implementing a whole school approach to Respectful Relationships Education which respects and empowers the social, emotional and positive relationship skills of children and young people, and enables them to thrive.

VALUES

Our school values are:

Love of Learning: We have a vibrant learning and teaching environment that creates lifelong independent learners.

Respect: Each individual is treated with respect and trust and decisions made are valued and supported.

Teamwork: Teamwork is characterised by a sense of common purpose, shared responsibility, collaboration and mutual support which leads to productive outcomes and achievements.

Friendliness: We highly value all members of our community, encouraging and acting in a manner that is inclusive, caring and supportive.

Creativity: We encourage children to take risks and think beyond the square, maximising teaching and learning opportunities through innovative and alternative approaches.

Resilience: We build self-esteem and social skills which enable children to be themselves and also to be able to work and play happily within the school community.
